June 2000
Revised Jan. 2006

REQUIREMENTS FOR TENTS TO BE PLACED FOR LESS THAN 180 DAYS

FOR TENTS PLACED FOR LESS THAN 180 DAYS, FOLLOW ALL PROVISIONS OF THE SPRINGFIELD CITY CODE, CHAPTER 170, AND THE 2003 INTERNATIONAL BUILDING CODE (IBC), WHICH REFERENCES THE 2003 INTERNATIONAL FIRE CODE (IFC). SPECIFIC REQUIREMENTS OF IFC CHAPTER 24 INCLUDE:

1. Building permit applicant must furnish information on the tie-down system to be used for the tent as per IFC Section 2403.9.
2. Flame-spread information must be furnished as per IFC Section 2404.2.
3. Means of egress must be shown on the drawings as per IFC Section 2403.12.
4. A site plan must be furnished which shows the tent in relationship to adjacent buildings, driveways, and property lines, as per Springfield Zoning Ordinance Chapter 155.
5. If the building permit holder requires an extension of the 179 day Certificate of Occupancy, all of the provisions of IBC Section 3102 will apply.
6. All electrical work must conform to the National Electrical Code, Article 590, Temporary Installations.

The undersigned agrees to all of the above requirements:
