

**WARD 4 RESIDENT PRIORITIES
2019**

GROUP 1	GROUP 2	GROUP 3
Development of the Y-Block (more like a park concept w/ higher education as a component)	Continued improvement of sewer system and tie-in to Sanitary District	Peoria Road - Redevelopment
Homelessness and Pandhandlers	Drug problem at Fairview Park	Sidewalks and Street improvements around Fairview Park area
TIF on Peoria Road - commercial building and abandoned houses. Need to improve occupancy and dollars used for safety, lighting and improved streets and sidewalks	Safety, lighting on sidewalks and alleys on 9th Street and Peoria Road. Grass around railroads	Abandoned buildings - CVS and other commercial spots
Pensions - fairly compensated yet fair to taxes	Homelessness. Addressing the issue will also help reinvigorate library and collaborate with all social service agencies	Economic Development - better streets and roads, beautify spaces, abandoned buildings. Positive development
Hemp Industry growth	Redevelopment on Peoria Road	

2019 Ward Planning Meetings

Ward 4

CONCERNS AND COMPLIMENTS	
Bigger, better houses on Northend	
Elderly/assisted living on the Northend	
Snow plow - Twin Lakes by the retention ponds. Can we do Angela and Twin Lakes something because it is rough	
Fairview Park - Oil and chip road. No sidewalks on Burgman that backs into Fairview Park. 2100 block of North 16th Street also needs a repavement.	
Lighting north of Sangamon and out to Sherman. A lot of trailer parks and they are always walking. No sidewalks or lighting and needs improvement.	
Leaf and Branch pickup is inconsistent	
Railroad fence mowing - not addressed and needs addressed.	
Need a comprehensive list of retail vacant buildings as a resource	
Pillsbury Mills - what are we going to do?	
CWLP - what are we going to do?	31 and 32 are coming off line. 33 is still coming off in 2023.
Homeless Shelter - top priority. Don't feel threatened by lawsuit	
Balance our areas of the city. E.g. Archer Elevator gets it but not Peoria Road. Target incentive.	
Why does Indian Hills get new roads all the way. However, the main roads need attention that are more traveled. 9th and 19th Street need attention	We need a moderization plan
High Speed Rail moving North. What is it going to look like when it comes norh.	
Peoria Road for SMTD - they have bus stops at residents homes. They need to have better spots to put them on public areas and not in front of residents houses where trash is left.	
Can people plow their own streets?	We do not encourage it. It is at the residents risk
Can't complain about service because when I have called Public Works, it does get done. Also maps online and Neighborhood News is very helpful.	
Awkward strips of grass after new sidewalks are installed. Can't mow and destroys the mowers. The strip of grass is extremely awkward.	
Compliment Public Works because they are responsive.	
9th and 11th Street - non-synchronization. It is awful and needs fixed.	

2019 Ward Planning Meetings
Ward 4

Sheriff has taken prisoners out of jail and inmates can clean-up areas. Recommendation to Sheriff.
